

## Waltz

---

We recapped the Natural Turn and aimed for three quarters of a turn to the right.

We also did Closed Change Steps (forward for the leader and backward for the follower) down each wall and then the Natural Turn in each corner.

We added in the Reverse Turn. Which is a turn to the left when the leader is going forward with their left foot. This is also about three quarters of a turn. We started the Reverse Turn when the leader was facing diagonally into the centre of the room so that three quarters of a turn finishes with the leader facing diagonal to the wall. We used the Closed Changes to fix our alignment.
